ITALIAN DEAD REACH GRAND TOTAL OF 500,000

Of This Number 200,000 Were Killed in Action, Says Salvatoro Barzilai.

(By Associated Press.)

PARIS, December 22.—Five hundred thousand Italians lost their lives in the war. Of this number 200,000 were killed in action. This statement was made to the correspondent to-day by Salvatore Barzilai, former Italian Cabinet Minister, in explaining Italy's sacrifices and her claim to territories previously held by the enemy. He said:

"On the eve of the peace conference, where Italy must claim the territories due her, for reasons of nationality, it is well the world should know the sacrifices sustained by her. All Italians trust America as an impartial judge."

"Italy lost 500,000 dead. To those actually killed in battle must be added 500,000 who died of disease, particularly malaria, contracted in Albania, Macedonia and along the Piave. The Italians severely wounded numbered 300,000, while 500,000 of the 5,000,000 called to the colors were taken prisoner."

GOVERNOR BICKETT GRANTS PARDONS TO PRISONERS

Developments in One Case Raise Grave Doubts as to Guilt of Man

(Special to The Times-Dispatch.)

RALEIGH, N. C., December 22.—Governor Bickett has granted pardons to five convicts serving terms in prison. The most notable is in the case of Caro Hall, a young white man serving fifteen years for assault. He has served five years and there are developments in the case, according to the statement of the solicitor and many others of Swain County that raise a grave doubt as to the guilt of the prisoner. It is on this account that the pardon is granted.

Ellis Carriger, of Stanly County, gets a pardon from twelve months' sentence for distilling whiskey. He is only eighteen years old and had only just begun his distilling and had sold none of his product.

Vines, Martin County, is pardoned from two years' sentence for larceny. He has a wife and several children. He has served fourteen months. He stole \$50 worth of property.

The last pardon was for John Teasby, Wake County, serving ten years for housebreaking and larceny.

Spann, Spencer, electrocuted yesterday for double murder in Forsyth County, was the twentieth prisoner to be electrocuted since the transition of the State's method of capital punishment from the gallows to the electric chair.

PREDICTS ANOTHER ELECTION

Cristobel Panhurst Says That House of Commons Must Be Purged.

LONDON, December 22.—Cristobel Panhurst, in an address at Queen's Hall here, predicted a great advance by predicting another general election in the near future. She said: "The coalition majority in Parliament would have been even larger but for the labor campaign. The country is now threatened with a political revolution from the liberalizing the House of Commons and the Sinn Féiners. Consequently it may become necessary for Sir Lloyd George to decide upon another general election to purge the House of Commons of these enemies of Britain and the empire."

WAR demanded of the UNDERWOOD

factory — the largest in the world —

over 100,000 typewriters for the use of the United States and its Allies.

That we were able to supply this demand is a bright page in our history of success.

PEACE now recalls us to the needs of the public to which we owe our thanks, not only for its continued endorsement of our product, but for the patriotic patience it has shown during the period when all UNDERWOODS were devoted to the necessities of war.

Underwood Typewriters are again available to the commercial world.
